

# GOODWILL NEEDED FOR DAWN OF NEW INDUSTRIAL DAY

Dr. Hurt Says Golden Rule Will Bring Peace To Industrial World.

OUTLINES NEED OF BASIC PRINCIPLES

Human Element Is Stressed As Important Factor In All Relations.

Only when the spirit of co-operative goodwill dominates employer and employee and true friendship is manifest between them will America's new industrial day dawn.

This was the keynote of a message brought by Hubert D. Hurt of Chicago, writer, traveler, boy worker, lecturer and student of nature, men and life, Wednesday evening at the Redpath chautauqua, when he lectured on "The New Industrial Day."

"The new industrial day will never dawn in America until it dawns in your life and mine," declared Hurt. "The Golden Rule is God's rule for business and that rule and that alone will remove the sting from our business."

Hurt gave three basic principles for bringing about this new industrial day.

Three Basic Principles

"Thrift and not extortion is one basic. We are not thrifty but spendthrifts," he said. "Although America has the greatest resources of the world, for a decade we have been far behind the smaller nations in thrift. We want quick and high profits."

"The second one is confidence and not conflict. This is the way to settle differences. In some places where fighting has been resorted to the problems have gone unsolved. America should settle her differences with Europe with her brains instead of her fists. There must be peace in the world if civilization is to endure."

The other basic given was the principle of compromise. To illustrate this idea Hurt spoke of three groups—the employer, employee and the buying public. "The employer wants cheap raw material, cheap labor and high price for his product. The employee wants high wages and short hours. The buying public wants high quality at a low price. No one group can ever hope to have everything it wants."

Three Peace Pillars

"We are to build America's temple of peace on three pillars. The first one to be erected is the rights of all men at all the time. I would like Almighty God that men would show as much vigor for the rights of others as they do for their own."

"The second pillar is of the moral solvency of human kind. We are passing through the greatest moral upheaval in our history. We have never known such a wide sweep of crime. The home in America is being debauched by divorce. We have come to recognize in America that if a man cannot be true to his wife he will not be true in business."

"What are the facts about our recreation? It has been organized on commercial basis. Men are most interested in the game receipts."

"The third pillar is co-operative good will. When the man behind the machine is full of hatred it is not very profitable. We cannot get along with co-operative goodwill."

"Your forefathers and mine never came to America to start another caste system. The meeting of human need is our job if it is an honest job. It is not what human need we meet (Continued on third page.)"

## PRIZES OFFERED IN HARVEST HOME PICNIC CONTESTS

Many Events Will Feature Outing Saturday At Eagleton Glens.

ATLEE POMERENE WILL BE SPEAKER

Program Is Announced For Morning And Afternoon Sessions.

Ex-Senator Atlee Pomerene of Cleveland, formerly of Canton, will be one of the main speakers at the 39th annual Columbiana county Harvest Home picnic Saturday at Eagleton glens.

Senator Pomerene will speak in the morning on "The Railroad Situation and Work of the National Transportation Institute." His talk will deal mainly with transportation, dwelling upon important features of shipping produce to the market.

In the afternoon Rev. W. C. Patterson of Barnesville will give an address on "The Four Spires of the Grange Temple." Mrs. Lida Fulton France of Alliance will give two readings at this picnic. She has won an enviable reputation through her ability as an elocutionist.

Howard Calvert of the Stow aviation fields at Cleveland stated late Thursday that he will come to Eagleton glens to make flights from the upper fields.

Aviator Calvert will bring with him his three-seated "Waco" plane and take up passengers for a nominal charge. Dancing will feature the afternoon and evening.

Music will be provided by the Leontina band and a program of sports and contests will interest the picnicers. Prizes are offered for the following:

Prizes Offered

Best decorated automobile, \$5 in gold; oldest automobile (any make) in running order, \$5 in gold; pony race, \$3; slowest pony, \$3; ladies' golf driving contest, \$3; boys' and girls' swimming contest, \$3; largest family participating in picnic, \$3; free for all mule race.

Horse show pitchers will be given an opportunity to hold a contest if shoes are furnished.

The day's program follows:

10:30, music, Leontina Cornet band. Reading, Mrs. Dr. France, Alliance. Address, "The Railroad Situation and Work of the National Transportation Institute," Atlee Pomerene.

Music. Reading, by elocutionist. Noon 1:30, music, band. Address, "The Four Spires of the Grange Temple," Rev. W. C. Patterson, Barnesville.

## CRUSHES WIFE'S SKULL, BULLET ENDS OWN LIFE

Eas' Liverpool, Aug. 23.—Herbert Van Kirk, 35, teamster, of Calcutta, four miles north of here, committed suicide at 10:30 a. m. Thursday after attacking his wife, Emma Van Kirk, 30.

Mrs. Van Kirk, suffering from a fractured skull, is in the East Liverpool hospital in a serious condition. Six hours found Mrs. Van Kirk in bed at her home in Calcutta about 7 a. m. Thursday. "The back of her head had been crushed with a blunt instrument," says Sheriff George Widger and Frank Ballentine, who were summoned, instituted a search for Van Kirk, who with his four-year-old daughter Thelma, had disappeared.

At 10:30 Van Kirk's body was found in a wooded patch along the Smith Ferry-Calcutta rd. near the state line. Through his head was a bullet hole. In his hand was a canteen, a revolver. He had been dead about an hour.

The body of Van Kirk was removed to a morgue at Midland, Pa. Police say Van Kirk and his wife quarreled last night over alleged attention which the woman was charged with receiving from other men.

The four-year-old daughter, Van Kirk had left with friends before he took his own life.

## SOFT COAL MINERS OFFER SUPPORT IN EVENT OF STRIKE

Bituminous Leader Holding Conference With Head Of Mine Workers.

JOINT STRIKE IS DENIED BY LEWIS

Claims Soft Coal Men Are Bound By Iron-lad Contract.

Atlantic City, Aug. 23.—Miners of the soft coal fields of Pennsylvania today pledged their aid to the hard coal miners in the event the latter go on strike Sept. 1.

James Marks, vice president of the central Pennsylvania bituminous coal district, accompanied by five aides, arrived here this morning and held an extended conference with John L. Lewis, president of the United Mine Workers of America.

Marks, it was learned, told Lewis that "President Coolidge would be disappointed if he thought the bituminous miners of the Pennsylvania field would aid in forcing the country with a substitute anthracite coal."

"Soft coal miners are here on a matter of internal policies," Lewis said. Lewis related to say what the "internal policies" were.

Lewis denied the bituminous miners would have a strike in sympathy with the hard coal miners.

The bituminous miners have an iron bound contract and the United Mine Workers may not violate their contract, Lewis said.

A member of Lewis' committee here to negotiate a new contract with the anthracite operators stated, however, that Marks had pledged his word that the miners in the soft coal fields of Pennsylvania would go vacationing in event of a hard coal strike.

U. S. Accepts Challenge

Washington, Aug. 23.—The federal government has accepted the challenge thrown down by the operators and miners of the anthracite coal field.

Quietly but forcibly President Coolidge today put into motion all agencies at his command to speed up plans for assuring the country an adequate supply of fuel this winter.

Regardless of what is done by the opposing group at Atlantic City and whether or not a new wage scale is established to prevent a strike on Sept. 1, the administration is prepared at a moment's notice to launch a far flung organization to distribute soft coal to all regions which would be distressed by a cessation of mining operations at the end of the month.

The president feels that the time for toleration of delay in the strike situation is rapidly drawing to a close, that with only nine days left before John L. Lewis, president of the United Mine Workers, threatens to call the men out of the mines, definite material assurances must be given that no serious fuel shortage will result.

The manner in which the fire originated was not learned but persons who witnessed the burning machine claim that the body and upholstery of the car are ruined beyond use. The car between the gas tank in the rear and the engine was consumed by the flames and the fact that the gas tank filled with gas did not explode is a miracle. The wrecked machine was left at the scene of the fire for the night.

Mr. Wolf stated Thursday afternoon that the fire was the result of backfiring through the carburetor and a short circuit.

## Civil War Veteran Dies Suddenly

JACOB S. DEEMER

## JACOB S. DEEMER EXPIRES IN LISBON

Widely Known Horseman Is Stricken At County Fair Grounds.

Jacob S. Deemer, 76, Civil war veteran and widely known horseman in this section, died of heart trouble about midnight Wednesday at the county fair grounds in Lisbon where he had temporary quarters while working on some race horses.

Mr. Deemer was born in Columbiana, son of Dr. and Mrs. Daniel Deemer, the former a widely known physician of that village for many years. He had been a resident of Salem since 1885 until a few weeks ago when he went to Lisbon.

Enlisting in Co. 7, 143rd Ohio Volunteer Infantry, at Columbus in May, 1864, Mr. Deemer was the youngest man of his regiment, being 17 when he entered the service. He was discharged at Camp Chase, Columbus, in October, 1864. Mr. Deemer was one of the youngest members of Trecoet post No. 10, G. A. R., of Salem.

Surviving is one daughter, Miss Elsie Deemer of Columbiana. The funeral service will be at 2 p. m. Friday at the mausoleum in Columbiana cemetery.

## WANTS BONUS TAX IF BILL'S PASSED

Secretary Of Treasury Is Opposed To Bill With No Money Raised.

Washington, Aug. 23.—Secretary of the Treasury Mellon still stands opposed to the granting of a bonus to American World war veterans, unless special taxation is provided by congress to meet the compensation of payments, it was announced officially at the treasury today.

It was Mellon's opposition to the bonus in the last congress that largely influenced President Harding to veto the adjusted compensation bill. The secretary of the treasury thinks that some form of taxation could be devised if a bonus bill is enacted.

In the face of this opposition, however, Senator Smoot of Utah, Republican, who will be chairman of the senate finance committee, has already predicted that a bonus bill will be enacted by the sixty-eighth congress. It is expected, too, that there will be enough votes in both senate and house to put the legislation through, even if it should be vetoed by President Coolidge.

## Painter, Falling 26 Feet, Isn't Injured

Scaffolding supporting painters at work on the new exhibition hall at the county fair grounds gave way Tuesday afternoon and Harry Richards, a Lisbon painter, fell 26 feet to the ground, but was not seriously injured. Several other workmen had narrow escapes from flying timbers.

## Murders Ohio Woman Then Shoots Himself

Youngstown, Aug. 23.—Mrs. Susie West, 30, colored, was shot and killed by Charles Calloway, 38, colored, at 8:30 p. m. Wednesday night when the automobiles driven by Dupont and Marshall collided on the Leontina-Columbiana rd. at Kelly's park.

Alfred Dupont, Leontina, escaped injury while the Misses Catherine Dowd and Marie Mitchell and William Marshall of Columbiana were cut by flying glass Wednesday night when the automobiles driven by Dupont and Marshall collided on the Leontina-Columbiana rd. at Kelly's park.

Alfred Dupont was returning to Leontina and crashed into Marshall as he was driving east, descending the hill approaching the park according to report.

Marshall was accompanied by three young women but the third escaped without injuries. The faces of the three were cut while Miss Mitchell's and Marshall's hands and arms were also lacerated.

## OFFICERS CHOSEN AT OHIO YEARLY MEETING SESSION

Ralph S. Coppock Re-elected Presiding Clerk At Damascus Meeting.

MUCH WORK DONE AT RESCUE HOME

Seven Quarterly Meetings Report Progress; Eight New Ministers.

At the opening of the second day's sessions of the Friends Yearly meeting being held at Damascus, Ralph S. Coppock was chosen presiding clerk; Louise Elliott, recording clerk; Rev. Merrill M. Coffin, reading clerk; Rev. Lawrence Linton, announcing clerk; James Furby, page. These officers served the past year and were unanimously re-elected.

Ministers from distant points continue to arrive, among them John Riley of Greensboro, N. C.; Levi F. Cox of Winchester, Ind., and Susan L. Jaines of Hughesville, Pa. According to reports on the condition of the seven quarterly meetings composing the Yearly meeting there are 60 congregations with an average of 100 members each.

Eight New Ministers

There is no lack of ministers to provide pastoral care for these churches. During the past year eight persons were recognized as having a special gift in the ministry and officially recorded as ministers.

The Friends place much emphasis on the home as a place for daily religious exercise in the form of Bible reading and prayer. Four hundred and forty-six families were reported as observing this practice. Much time was given to the discussion of the home as a center of religious influence.

In the home missionary work of the Yearly meeting much interest is manifested in the Friends Rescue Home situated at Roy Park, North Hague ave., Columbus.

Rescue Home Work

At this institution \$14,000 was spent during the past year in caring for 79 unfortunate girls. The purpose of this home is more than an expression of benevolence and charity. Direct instruction in the fundamentals of Christianity has resulted in the conversion of most of those befriended and 60 per cent of the 1164 released from the institution during its 18 years are reported to have stood true to Christianity.

An offering of \$700 was given the field secretary and founder, Evangeline Keams.

Levi F. Cox, addressed the conference in a very unique and stirring manner on the essential character of Christ as revealed in His birth.

Other speakers for the day were Edward Eschne, Catherine Stalker, Myrtle Allen Hadley and Catherine Stalker.

Rev. Cox Speaks

Homer L. Cox, pastor of the First Friends church of Cleveland, chose for the evening evangelistic service the text, "If God Be For Us Who Can Be Against Us?"

Just obey was used as a special message in song given by the Mt. Gilead mixed quartet. Clarence Cosand, singing evangelist of Damascus, conducted the song services of the day.

No greater interest in the week's program is manifest than in the Missionary session scheduled for Friday morning.

Out of years of experience on the field Escher Baird of India and Walter Williams of China, will bring personal word from five prospective missionaries present for whom reservations have been made for early transportation to these mission stations.

Clarence Cosand will address the Christian Endeavorers on the subject "The E. C. of a C. E." at the Friday afternoon session.

Homer L. Cox will speak to the young people in the evening.

## THREE PEOPLE CUT AS AUTOS COLLIDE

Alfred Dupont, Leontina, escaped injury while the Misses Catherine Dowd and Marie Mitchell and William Marshall of Columbiana were cut by flying glass Wednesday night when the automobiles driven by Dupont and Marshall collided on the Leontina-Columbiana rd. at Kelly's park.

Alfred Dupont was returning to Leontina and crashed into Marshall as he was driving east, descending the hill approaching the park according to report.

## Mrs. McCormick's Chauffeur Declared Sane.

Louis E. Ammon

Louis Emil Ammon, formerly Swiss chauffeur for Mrs. Edith Rockefeller McCormick, daughter of John D. Rockefeller and divorced wife of Harold McCormick, was tried for his sanity in Chicago, when he testified that the psychic influence of John D.'s daughter made him a rover and wife deserter. Nevertheless, the jury declared he was sane.

## DONAHEY HEARING CHARGES AGAINST YOUNGSTOWN CHIEF

Chief Of Police Watkins Is Charged With Willful Neglect Of Office.

USE PHOTOGRAPHS IN THE TESTIMONY

Counsel For Defense Claim Governor Is Without Jurisdiction.

Columbus, Aug. 23.—Paul C. Morris, Youngstown photographer, was the first witness for the prosecution in the hearing before Gov. Donahey, today relative to charges alleging that Chief of Police James Watkins, of Youngstown, was guilty of malfeasance and wilful neglect.

The charges include the allegation that Chief Watkins failed to enforce prohibition, gambling and anti-vice laws.

Morris introduced 17 photographs of various clubs and speakeasies, most of them being located on Watt st., Youngtown. The pictures showed heavy barred doors, windows and skylights.

He testified that since last November "it was common to see men on the streets of Youngstown drunk."

Morris declared that he saw several drunken men in the West Park hotel at Youngstown. There was common talk of gambling going on in Youngstown, Morris declared. He testified that he saw gambling paraphernalia.

Answering a question by Gov. Donahey, Morris declared:

"I do not believe Chief Watkins has honestly tried to keep them (meaning gambling and liquor law violations) down. I am not a police officer, but if I could not keep those places down, I would quit."

All of the evidence submitted by Morris, including the photographs, was admitted by the governor over protest voiced by Attorneys Oscar Diser and G. A. Hammond, Youngstown, counsel for Chief Watkins.

Attorneys for Chief Watkins at the beginning of the hearing registered general objections to the hearing, claiming that the governor was without jurisdiction. Gov. Donahey promptly overruled the objection. He also overruled Attorney Diser's request that witnesses for the prosecution be separated from those for the defense.

## Engines Side-swiped, Man Dies Of Burns

Akron, Aug. 23.—Baltimore & Ohio officials today are investigating the side-swiping of the two switching engines in the old Forge yards last night, which resulted in the death of Peter Higgenbotham, 38, a fireman.

When the engines came together a steam pipe burst in Higgenbotham's path and he was terribly burned from head to foot. He later died in the city hospital.

## Lisbon Football Meeting Is Called

Lisbon, Aug. 23.—An effort will be made to form a representative football team for Lisbon on Friday night at the city hall. Attendance at this meeting will be by invitation only and an effort will be made to get the very best material available in the lineup. The management is intending to look a game with Salem for the opening, if possible.

## PUBLIC IS INVITED TO SPECIAL GOLF MATCH WEDNESDAY

French, Ranking Golfer Of Country, To Play Wells, Sebring, Deibel.

LARGE GALLERY TO WITNESS MATCHES

Three Matches Planned For Salem Golfers; Two Cups Offered.

A match between four of the best golfers in this part of Ohio and two special matches for local golfers are three big events arranged by the Salem Golf club which are expected to stimulate interest in the Salem course.

The first and biggest event is the special match arranged for next Wednesday afternoon at the Salem Golf club grounds south of the city between Emmett French and Christy Deibel of Youngstown; Joe Wells of East Liverpool, and Charles L. Sebring of Sebring.

This match, to be started at 2 o'clock, is open to the public and in addition to many Salemites who are not members of the Salem club, the gallery next Wednesday afternoon is expected to be increased by the attendance of many golf enthusiasts from Cootonia, East Palestine, Lisbon, East Liverpool, Youngstown and Alliance.

The headliner in this special match is Emmett French, professional at the Youngstown Country club and one of the ranking golfers of the country. Last year he was a runner up to Gene Sarazen in the Professional Golfers association tournament. He is a former Ohio open golf champion and ranks with Jim Barnes, Jack Hutchison, Hagan and Sarazen.

Joe Wells, pride of the East Liverpool Golf club, was state champion last year and one of the leading players in this year's tournament. Coming with French from the Youngstown club is Christy Deibel, one of the leading amateurs in Ohio whose work has attracted much attention.

Charles Sebring, brother of Frank Sebring of this city, won the Congress Lake tournament and has played in the Ohio state tournament, in Pinehurst, N. C., tournaments and at other places throughout the south.

Another feature of next Wednesday's card will be the presentation of prizes to C. C. Gibson and C. S. Carr winners in the recent Salem Golf club tournament.

The next special event of interest to the Salem golfers is the president's and vice president's match on Labor day. President W. H. Dunn and Vice President G. R. Deming will choose teams for the day's matches from all players on the Salem course.

Later in September a special tournament will be arranged to play for the president's cup, which will be presented by W. H. Dunn. Permanent possession will be given the winner of three consecutive tournaments, one to be played each year.

Another interesting feature is the selective match, for which L. H. Brush has offered a cup. Play in this match will start next Saturday and continue throughout the present season. Players will turn in their lowest score for each hole and at the end of the season the player who has made the best scores for 18 holes will be awarded the cup.

Arrangements for these special events are being completed by the greens and entertainment committees of the Salem club.

## AUTO HITS GIRL, LEG FRACTURED

Five-year-old Girl Runs In Front Of Car Which Strikes Pole.

Lydia Terry, five-year-old daughter of Mr. and Mrs. J. W. Terry, West Pershing ave., had her right leg fractured above the knee in an accident about 3 p. m. Wednesday near Railroad st. when she ran in front of an automobile driven by Miss Nellie Lewis, Liberty st.

Lydia was with several other children who ran directly in the path of Miss Lewis' machine. To avoid hitting them Miss Lewis swerved her automobile to the side and struck a telephone pole. The little girl was hit by the running board.

A physician attended the girl after which she was taken to Salem City hospital, where she probably will be confined for several weeks.

## Dr. Yaggi Purchases H. C. Nelson Property

Announcement was made Thursday that Henry C. and Carrie S. Nelson have sold their property at 135 Linden ave. to Dr. Henry K. Yaggi for \$1,000. Possession will be given Oct. 15. This is one of the finest homes in Salem, the sale being made because Mr. Nelson is removing from the city. Transfer was made by R. M. Atchison.

## Passengers Help Put Out Stark Car Fire

The 6 o'clock Stark Electric car to Salem was delayed 30 minutes before Thursday morning when the car caught on fire, probably due to a short circuit.

It is thought that the trouble was caused by the passengers. The passengers assisted and before much damage resulted the flames were extinguished.

## The Four-Hour Day

THE predictions for 1923 made by  
Dr. Charles P. Steinmetz are alarm-  
ing. There will be no need, he says,  
for anybody to work more than four  
hours a day. That will leave 12  
hours for meals and diversion. And  
diversion is the rule. Dr. Steinmetz  
disposes of that easily by saying that  
the leisure hours "will be occupied  
in productive diversions satisfying the  
particular instincts of the individual."  
But will they? As civilization ad-  
vances does not boredom press more  
and more heavily on the persons most  
materially benefited?

There is so much waste leisure just  
now that a large part of the world  
asks itself between yawns, "What'll  
we do tonight?" In 1923, with twice  
as much loose time, the case may be  
desperate. Life will be so easy in an  
age of cheap and swift production that  
the struggle for existence, which is  
by far the most interesting diversion  
yet enjoyed by the inhabitants of this  
mysterious planet, will dwindle until  
it is a mere wriggle.

There will be no ordinary strikes  
or riots in this 2023 of the scientist's  
fancy. Men will not cry for bread, or  
more pay, or shorter working hours.  
The demand will be for more golf  
links, larger baseball fields, longer  
and more exciting novels. Perhaps  
the advance of the flying machine will  
make the open spaces of Ohio avail-  
able for the weary mind worker. The  
gay young plumber, after electrically  
wiping a joint on the 14th floor of the  
Metzger hotel building will knock  
off work at noon and take the Me-  
chanics Special (200 miles an hour) for  
his club in the east.

But man will not invent amuse-  
ments fast enough to catch up to the  
demand. In the last generation we  
have seen the development, for pop-  
ular entertainment, of the phono-  
graph, the motion picture, the motor  
car and radio. Yet people were so  
bored that they had to revive the  
ancient pastime of dancing.

Scientific prophets are wary men.  
They always put the coming thing at  
least a century ahead. Nobody who  
read Dr. Steinmetz's forecast is likely  
to get him up in August, 1923, and  
say, "The 2023 on a six-hour basis—  
what about your promise?"

## Less Politics, More Business

WHEN Nicholas Murray Butler,  
president of Columbia university,  
on his return from Europe, said:  
"There is as much chance of a war  
breaking out in Europe as there is of  
it breaking out on Fifth Ave," he prob-  
ably came close to the truth of the  
European situation. For many years  
a profound student of foreign affairs,  
he is likely to have returned with a  
clearer comprehension of the situation  
abroad than have any of the politi-  
cians who knew little about Europe  
when they left New York and did not  
stay long enough to learn anything  
beyond what European politicians  
pumped into them between trains at  
railway stations. This hastily sup-  
plied information was chiefly that, un-  
less the United States rushed over-  
seas with relief, mainly financial,  
Europe would sink into war and  
chaos.

President Butler is correct in saying  
that too much politics is being applied  
to the European situation and too lit-  
tle of economics. He is so firmly  
convinced of this that he declares that  
six business men as administrators of  
European affairs could put that coun-  
try on the way to economic recovery  
in short order. Austria is an illustra-  
tion of this. Politicians know little  
about business. Too many of them  
imagine that war is imminent but the  
situation that alarms requires nothing  
but application of business sense.

## Graduation of Golfing Maniacs

They asked a famous professional to  
explain why golf made captives of so  
many people. He consented to do so.  
"You start golf in this way. You  
think you can knock that little pill out  
of the county," he began.  
"Yes?"  
"You try it and find you can't," he  
continued.  
"You swear you will, with em-  
phasis."  
"And then?"  
"Then you are hooked for life."

## That Body of Hours

### WEAKNESS AND OLD AGE

Did you ever see a young man or  
young woman who was recovering  
from a severe illness?

Did you ever realize that they be-  
have just like people who are grow-  
ing old? There is the same general  
weakness, perhaps lack of appetite,  
and some irritability and a completely  
tired out feeling.

And practically the same thing is  
happening.

When you are ill or rundown every  
effort tires or fatigues you. You see  
your blood carries around to all parts  
of the body worn out substances and  
so all the tissues get poorly nourish-  
ed. These products are of an acid na-  
ture while your blood is alkaline.

Thus you see it is your inability to  
throw off these acid waste products  
that keeps all your tissues from being  
in good shape.

In an old person the tissues have  
peaked illnesses or perhaps periods of  
done their best for years with the re-  
sulted vitality and gradually wear  
out—no more fighting power.

And how does the young person get-  
ting over an illness get strong again?

Well, as you know, he gets his weak-  
ness from the poor quality of the  
blood.

And how is the blood improved in  
quality?

Only in one way. By common sense  
eating of good nourishing food. You  
know when the sick man starts to eat  
the victory is usually won. And so  
it is just a little more thought were  
given to this in the home, in institu-  
tions, and the camp hospital, the re-  
coveries would be infinitely more  
rapid.

If, when the crisis of the illness is  
past, and the patient is beginning to  
recover, the food is tastily prepared,  
and there is plenty of variety, it will  
work wonders.

Why, we never attempt to prepare  
athletes for rowing, boxing, football  
or other sport without going very  
closely into the matter of their food.  
We want them to be strong. This is  
the origin of the training table with  
many clubs. These athletes must have  
pure rich blood, alkaline in reaction  
so as to fight and remove these acid  
products.

And so if you want to manufacture  
good rich blood in people who are run-  
down you must exercise the same  
judgment.

Therefore you use foods that will  
tender the blood more alkaline, using  
peas, beans, whole wheat, vegetables,  
egg yolk, and greens. You will add  
a few ounces of meat daily as they  
get stronger.

## You or Somebody Else

There is an old saying to the effect that if you  
spend all, somebody else deposits your money.

Somebody deposits your money in the bank. Is  
this "somebody" YOU or is it the other fellow?

Are you laying aside regularly a part of your in-  
come and putting it into a Savings Account where it  
will work for you, or is it all slipping through your  
fingers into the pocket of "somebody else?"

This bank will gladly protect YOUR Savings

## Fair & Cooler

A few days ago  
We were all sweltering  
And wondering  
if the heat wave  
Would ever let up.  
And now as a  
Gentle reminder  
Of days that are to come  
Comes cooler weather  
Cautioning us to  
Get our heat machines  
In readiness  
For cooler days  
That will sure be here  
Sooner than we think  
And we just thought  
That maybe you  
Are needing us  
To help you get  
Your heater right  
For winter's cold  
And if you do  
The present time  
Is much the best  
To call us up  
And tell us so  
For maybe we  
Will have to get  
A casting or a part  
That will take time  
And you'd be cold  
Before we could  
Get it in shape  
And so  
If you'll just call  
We'll thank you.

Suit By His Wife Shows Break With Liggett.

All hope of a reconciliation between John E. Liggett, multi-millionaire tobacco man, and his wife, Violet Liggett, was shattered when Mrs. Liggett filed suit in New York to recover \$81,267.75 from Liggett, Anthony J. Drexel, Jr., and George F. Naphen, members of the old brokerage-firm of Liggett & Drexel. Mrs. Liggett is Liggett's second wife, marrying him secretly in 1914, after she had divorced Clarence Harvey, the comedian.

ADVANCE IN FILM ART HAS STARTED

More Big Film Productions Waiting For Release Than Ever Before.

New York, Aug. 23.—The long promised advance in motion picture art has at last begun. Observers of things cinematic say that never before in the history of motion pictures have there been so many big and really worth-while film productions waiting for release as there are at this time. Critics of motion pictures who have been demanding for years that the film studios develop their opportunities are likely to be satisfied this year, if promises and reports from production centers are fulfilled. More time, effort and actual coin of the realm have been spent on the production of pictures this summer than ever before, observers say, and producers are anxiously awaiting the new season in the hope that attendance at motion picture theaters will justify the tremendous effort which has been expended to improve the artistic standards of motion pictures. The eyes of motion picture producers up and down Broadway are centered on theatrical box offices throughout the country during the week of Sept. 2-8, when most of the motion picture theaters in the United States will celebrate the sixth annual Paramount week. Paramount week, the first week in each new season, has come to be established in the motion picture trade as marking the industry's best effort, and this year it is expected by producers that this Paramount week will be more successful than any other held before. The purpose of each annual Paramount week is to focus the attention of the public on the advances made during the year in motion picture art.

FRECKLES

Don't Hide Them With a Veil; Remove Them With Othine—Double Strength

This preparation for the treatment of freckles is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold under guarantee to refund the money if it fails. Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely. Be sure to ask the druggist for the double strength Othine; it is this that is sold on the money-back guarantee.

In Denmark it is a popular superstition that if one is suffering from toothache or ague, another person can charm it away by gathering an elder twig and burying it. But the burial place must be kept secret from the sufferer.

GIRLS! LEMONS BEAUTIFY AND WHITEN SKIN

Mix the juice of two lemons with three ounces of Orchard White, which any druggist will supply for a few cents, shake well in a bottle, and you have a whole quarter-pint of the most wonderful skin softener and complexion beautifier. Massage this sweetly fragrant lemon cream into the face, neck, arms and hands, then shortly note the youthful beauty, softness and whiteness of your skin. Famous stage beauties use this harmless lemon cream to bring that velvety, clear, rosy-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate.

Work On Liverpool Road Being Pushed

With less than a mile to complete on the Lisbon-East Liverpool road by the Myler Construction company, motorists see the time approaching when this stretch of road will be ready for traffic. Just when this time will be is not certain, however. Neither the county engineer nor the contractor will set a date, but from indications it is possible that by the time of the county fair communication between East Liverpool and Lisbon will be re-established over an improved highway.

**Frog Farming.**  
From his backyard frog ranch near Oshkosh, Wis., Emil Neuenfeldt ships 2,000,000 frog legs a year. The frogs are kept in concrete trenches 50 feet long and 6 feet wide, in which are refrigerated pipes and running water. The cold water makes the frogs hibernant and silences the frog chorus. When an order is received the required number is scooped from a trench and the frogs are placed in a tank of water charged with electricity. This kills the frogs, straightens out their legs and makes amputation easy.

## Shower For Miss Kinsey

Miss Wilma Kinsey, of Portsmouth, Va., formerly of Salem, bride-elect of Rev. Harold Smith, of Norwalk, received a number of pretty and useful gifts for her new home, when Miss Juanita Litty entertained at a miscellaneous shower for her. Wednesday evening at her home, East Sixth st. The guest list included members of the Elizabeth Fry circle and Blue Bird class of the First Friends church, and Mrs. Harvey Barker, Canfield, and Mrs. Delbert Palmer, Springfield Center, there being about 25 in the company. The home was decorated in garden flowers, mostly asters.

Miss Thelma Long, costumed as a "colored mammy" presented the gifts and with each one made some humorous remark. This feature added merriment to the occasion. Piano selections were offered by Miss Martha Park and the hostess served refreshments.

## T. G. T. Club

Mrs. Mabel Scattergood and daughter, Miss Doris, of near Valley, and Mrs. Marie Volaw, Depot rd., were invited guests of T. G. T. club associates Wednesday afternoon at which Mrs. Laura Sprowl presided at her home, Lisbon rd. Fancywork and visiting occupied the hours. The hostess served a pleasing lunch.

A meeting in one month will be with Mrs. Rolland Sprowl, Depot rd.

## Luther League Social

Members and friends of the Luther league of Holy Trinity English Lutheran church had a delightful social time Wednesday evening at the home of Mr. and Mrs. Grubbe, Franklin rd. A huge bonfire was built and around this the guests roasted corn and wieners. Games and music provided entertainment.

## Primary Classes Picnic

Three primary classes of the Sunday school of Holy Trinity English Lutheran church, taught by Miss Mertie Ross, Mrs. Harry Izenour and Mrs. A. H. Schropp, had a picnic Wednesday afternoon at Centennial park. Games formed the chief division and a lunch was enjoyed.

## Needlecraft Club

Fancywork interested the guests at an assembly of Needlecraft club members Wednesday afternoon at which Mrs. Wallace Calladine was hostess at her home, East Pershing ave. Mrs. John Carnes, of Florida, formerly of Salem was an invited guest.

## Grange Social

Young people from Salem and Canfield were in the large company of people interested in the wieners roast given Wednesday evening by Goshen grange at the hall, northwest of Salem. Games were played by the young people.

## Barn Dance

Mr. and Mrs. Forest Whitacre of the Georgetown rd. entertained 60 couples at a barn dance at their home Wednesday evening. Music was by the Lodge Bell orchestra and guests were present from Cleveland, Alliance and Beloit.

## Attend Wedding

Mr. and Mrs. E. H. Taylor, East Seventh st. attended wedding of their cousin, Miss Elizabeth Grimshaw, of New Brighton, Pa., and Herbert Stuffer, of New Philadelphia, at 1 p. m. Thursday at New Brighton.

## At Leetonia Picnic

A few Salem people attended the Knights of Columbus picnic of Leetonia, held Wednesday afternoon and evening at Kelley's park, to which members of the Salem council were invited.

Jack and Hunter Carpenter of Washington st., left Wednesday night with their father, C. H. Carpenter of New York city, for Richmond, Va., to visit their grandmother Mrs. J. C. Carpenter. They were accompanied on the trip by Raymond Moff, son of Mr. and Mrs. Walter Moff, of Etna st., and will be gone about ten days.

Mr. and Mrs. Charles Bradley returned Wednesday evening from a 10 days visit at Atlantic city and Philadelphia. They visited Mr. and Mrs. C. L. Wells formerly of Salem.

Mrs. A. M. Schropp and daughter, Sara, and Miss Helen Weikart, West Seventh st., left Thursday morning for Pittsburg to spend a week.

Mrs. Daniel Borton, Valley, is spending the week with relatives here and attending the Redpath chautauqua.

Mrs. O. W. Johnson of Alliance has accepted a position at the Kilbreath millinery shop as trimmer.

Dorothy and Harriet Izenour are spending the week at Charleroi, Pa.

## Tennis Champ Is Modest Schoolgirl

Helen Wills

Helen Wills, 17 years old, who defeated Mrs. Molla Bjurstedt Mallory, seven times champion, for the national lawn tennis championship at Forest Hills, L. I., is on her way back to her San Francisco home to enter the University of California as a freshman. Reared by an old-fashioned mother, Miss Wills is a little schoolgirl who takes her honors modestly.

Mrs. John Richards of Mesopotamia and Mrs. Morris Stett of Alliance visited at the home of Mrs. Frank Behner Wednesday.

Miss Helen Glass has gone to Akron to spend the week end with her cousins, Dr. and Mrs. Bratchi, and friends.

M. C. Clay of Albany is attending the Ravenna fair this week where he has a floral exhibit on display.

## SAFE IN ATWATER STORE IS BLOWN

Authorities in several eastern Ohio counties are searching for cracksmen who blew a safe in the office of the Strong Brothers' company in the heart of Atwater early Wednesday. Valuable documents and a small sum of money were taken by the yeggs.

Forcing their way into the building through a window, the cracksmen used nitro-glycerine to blow the door off the safe. Although the door was covered with blankets to deaden the noise, the sound of the blast was heard shortly before 3 o'clock by a number of Atwater residents.

The theft was not discovered until Earl E. Strong, a member of the firm, opened the store for business. The company's store has a section used as

Lipton Here To Challenge For America's Cup

Sir Thomas Lipton

Sir Thomas Lipton, famous yachtman, is in New York to challenge, for the fifth time, for the America's cup, which has been held in America for 50 years. He expects to sail the race in 1925.

Skyrocket Explodes After Striking Ohio Girl In The Forehead

Akron, Aug. 23.—Nora Thomas, 19-year-old Cuyahoga Falls girl, is believed to be dying in City hospital here from injuries received yesterday at the annual outing of Falls residents.

Miss Thomas was struck in the forehead by a skyrocket, which exploded after imbedding itself in her flesh. The pieces were removed by surgeons but it is believed the explosion caused fracture of the skull, which may bring death.

STOCKS

TRADING IS HEAVY

New York, Aug. 23.—The stock market opened generally heavy today. Trading was fairly active with the majority of issues showing fractional declines. Pierce, Fennell & Smith, preferred moved again; the trend, rising 1 1/2 to 2 1/2. U. S. Steel at 91 3/4; Bethlehem at 21 1/4; Baldwin at 12 1/4; were off 1/4 of a point. Gulf state Steel yielded 1/4 to 81. Stateholder lost 1/4 to 19 1/4. Kelley-Springfield tires rose 1/4 to 21 1/4. Oil stock opened lower. Corden losing 1/4 to 21 1/4. Maryland 1/4 to 29 1/4. MUSICAL PROGRAM AT CHAUTAUQUA

Puppet Show And Harding's Address Also Listed For Friday.

The musical setting for Friday's chautauqua programs will be given by Joseph Baldi with his piano accompaniment. Mr. Baldi is a finished artist and plays this difficult instrument with wonderful skill. The accompaniment has 163 keys.

Following the musical program in the afternoon Mr. and Mrs. Clemens will feature the puppet show of "Marionettes," "Jack and the Beanstalk." Mr. Clemens is the first to show this production from a chautauqua platform. He has devised all of the miniature settings for this show. Wonderful little wooden actors will appear in dramatic roles, dances and comedy stunts. At the conclusion of the Marionettes show Mr. Clemens will give a demonstration of the "Punch and Judy" entertainment.

The evening program will open with a concert by Mr. Baldi with his piano accompaniment after which Hon. W. L. Harding will deliver an address on the subject, "The Clock Strikes Twelve." Mr. Harding served as the wartime governor of Iowa, 1917-1921. He is known as an authority on state and national questions. He is a leader in the inland waterway movement in the United States.

The children's hour Thursday morning was in charge of the Health commission. Papers were read on the possible extermination of the fly and mosquito. Miss Morgan then gave a talk from the health charts after which the children wrote health jingles. The program closed with stories and games. Miss Elizabeth Miller of Salem is assisting Miss Morgan in the children's work.

Premier Kato Of Japan Is Gravely Ill.

Premier Kato

Baron Kato, premier of Japan, is so gravely ill in Tokio that his death is feared. Baron Kato, at that time ranking admiral in the Japanese navy, was the ranking Japanese delegate to the Washington naval disarmament conference in 1921.

In Siberia it is the custom to build the partition walls of houses quite thick, and set stoves in the walls half way through, so that they do duty in warming two rooms.

THE STUDEBAKER BIG-SIX SEVEN-PASSENGER TOURING CAR \$1750

## 1924 Model Big-Six Again Leads in Intrinsic Value

## Important Items of Equipment of the Big-Six Touring Car

Extra disc wheel with tire, tube and tire cover.  
Handsome nickel-plated bumpers, front and rear.  
Automatic gasoline signal mounted on instrument board.  
One-piece, rain-proof windshield.  
Automatic windshield cleaner.  
Rear-view mirror.  
Glare-proof glass visor.  
Walnut steering wheel with new type spark and throttle control.  
Courtesy light, cowl lamps and combination stop-and-tail light.  
Tonneau lamp with convenient extension cord.  
Quick-action cowl ventilator.  
Motometer with lock and ornamental radiator cap.  
Tool kit in left front door, locked with master key.  
Aluminum-bound running boards with corrugated rubber mats and step pads.  
Aluminum kick plates.  
Grip handles on body rails.  
Thief-proof transmission lock.  
Snubbers.

Many motorists who have always insisted on the best in everything they buy, have discarded their heavy, bulky, high-priced cars and have replaced them with the Studebaker Big-Six.

And they report that, in every way, it represents precisely their conception of what a really fine motor car should be. They are enthusiastic over their all-round satisfaction with the Big-Six because of its dependability, surplus power, extreme comfort for seven passengers, the completeness of its equipment and its fine appearance.

The series 24 model—the finest Big-Six Studebaker ever built—presents a value unapproached by other cars at anywhere near the price. And its nominal cost of operation is a source of continual satisfaction.

Everything for which one can wish in motoring convenience, comfort and utility has been provided—even to an extra disc wheel complete with tire, tube and tire cover; handsome nickel-plated bumpers, front and rear; automatic gasoline signal mounted on instrument board, and many other features.

The low price of the Big-Six is due to large volume, the fact that Studebaker overhead is shared by three models, the manufacture of all vital parts in Studebaker plants and Studebaker's vast physical and financial resources.

After 71 years of service, the name Studebaker enjoys confidence and respect more than ever.

## Frost And Overcoats Are Seen As Cold Wave Nips Country

Chicago, Aug. 23.—The coldest August weather in years, in some sections the coldest in the history of weather bureau records, sent shivers through news dispatch readers today as they read reports from Washington of an impending cold crisis and a probable resulting coal shortage.

The cool weather, gathering in the northwest, spread throughout the upper Mississippi and Missouri valleys. Light frosts were reported from several Minnesota and Michigan points, which caused little or no damage to growing crops.

Today the cold area was spreading eastward up the St. Lawrence river valley and fair weather with rising temperature is promised for tomorrow. In its march eastward, however, light frosts are expected for northern New York and New England tonight.

The cool weather coming in the middle of August, usually the hottest month in the central plain states, sent many hurrying for overcoats and a spirit of autumn everywhere.

The drop in temperature to 38 degrees at Omaha, Neb., was the coldest August 22 on record there. Sioux City, Ia., reported 43 degrees; the coldest in 32 years. Kansas City had 52 degrees, the lowest for this date in the history of the local weather bureau. St. Louis reported a drop from 91 to 56 with overcoats in common sight.

From Duluth came reports of frost in several sections of northwestern Minnesota, nearly one month in advance of the average frost date for that section.

## DIPHTHERIA RATE IN COUNTY ABOVE AVERAGE IN OHIO

Continuing a study of disease death rates by counties, C. E. Lively, professor of sociology at Ohio State university, finds that diphtheria has been, on the average for the past 12 years, more fatal in Columbiana county than over the state as a whole.

The average diphtheria death rate in this county from 1909 to 1922 was 12.5. This means that of every 100,000 deaths during that period this number of deaths have been due to diphtheria. The average rate for all Ohio counties over the same period was 10.5.

Fulton county had the lowest diphtheria death rate in the state, 2.5. Then came Wyandot, 4.1; Logan, 4.3; Knox, 4.6; Preble, 5.1; Harrison, 5.2; Morrow, 5.8; Ashland, 5.7; Van Wert, 5.3; Erie, 6.1 and Auglaize, 6.8.

## GREENFORD NEWS

J. B. Schroy and family started for Tampa, Fla., on Aug. 9. On the 18th they were at Louisville, Ky., waiting for the boat to cross the water.

Mrs. Harrison Zimmerman and son Charles of New Castle came last Tuesday to visit with Misses Caroline and Ola Zimmerman.

Dr. Leimbach and family started by motor on their vacation trip and expect to be gone about two weeks.

Mr. and Mrs. J. H. Welkart, Wayne Sloan and Ira Welkart, Robert and Mary Bush of this place, and Mr. and Mrs. O. H. Paulin of Canfield attended the funeral of George Welkart of Alliance at Salem last Wednesday.

Mrs. Nelson Stout of Hamilton, Canada, came last week to see her niece Mrs. Robert Sparrowhawk of Oklahoma, who with her daughter is visiting her parents here.

There will be no preaching services in the Lutheran church next Sunday or the following Sunday as our minister is away on his vacation. Sunday school will be held at 9:30 both Sundays.

Mr. and Mrs. Pinnick of Sebring called on Miss Erma Lang Sunday afternoon.

Joseph Calvin and Florence Bush spent the weekend with Helen and Heloise Shelton at Salem.

**Auto Accidents**

An over-anxious man in a Ford car ran into Andrew Pezuro at Pezuro's corner Saturday afternoon last, turning and badly wrecking Pezuro's car, pinning him under it and breaking his shoulder bone. The man drove off and as no one seemed to have seen him, think he must have escaped on a dirt road. Elmer Hendrix, coming home from a funeral just then, extricated Pezuro and took him on to Salem to a doctor.

A man in a Ford coming from the north in a great hurry Sunday noon, while a sedan coming from the west had to run into the ditch at Greenford crossing to escape being hit, just missing a telephone, and ran some distance with two wheels on the road and the other two wheels in a deep ditch. He came near turning over three different times but finally stopped right side up.

Mr. and Mrs. Warren Rhodes and sons of Salem spent Sunday with Mr. and Mrs. J. B. Rhodes.

Mr. and Mrs. H. W. Lang entertained at dinner Sunday Mr. and Mrs. J. R. Reichstadt, Mr. and Mrs. Harry Crumbaker and Mrs. Robert Sparrowhawk and daughter Dorothy.

Harry C. Roller of Louisville spent last Tuesday with his aunts, Misses Caroline and Ola Zimmerman.

Green S. S. Convention

The 1923 session of the Green township Sunday school convention will be held at the M. E. church at Washingtonville on Sunday, Aug. 26. Afternoon session at 2, evening session at 7:30.

## WOMEN FROM FORTY TO FIFTY

Will Be Interested in Mrs. Hooker's Recovery by Use of Lydia E. Pinkham's Vegetable Compound

St. Paul, Minn.—"I was going through the Change of Life and suffered from a run-down condition and the troubles a woman has to go through at that time, hot flashes, nervousness and headaches. At times I was not able to do my work, but since taking Lydia E. Pinkham's Vegetable Compound I am gaining every day and can do more than I have for five or six years. I owe it all to your great medicine."

MARTHA HOOKER, 114 College Avenue, St. Paul, Minn.

When women who are between the age of forty-five and fifty-five are beset with such annoying symptoms as nervousness, irritability, melancholia and heat flashes, which produce headaches, dizziness, or a sense of suffocation, they should take Lydia E. Pinkham's Vegetable Compound. It is especially adapted to help women through this period. It is prepared from roots and herbs and contains no harmful drugs or narcotics.

Write to Lydia E. Pinkham Medicine Co., Lynn, Massachusetts, for a free copy of Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women."

## WAR AREA CLEARED OF DEADLY SHELLS

Salvage Head Explains How Shells Are Reduced To Harmless State.

London, Aug. 23.—The battlefields of northern France are returning to their pre-war appearance, and green fields are now taking the place of the battle-scarred and trench-furrowed countryside, according to Fred N. Pickett, who has organized the breaking up of the huge dumps of ammunition and war material in France and Belgium.

The whole of northern France has been cleaned up, says Pickett. Poison gas has been disposed of, and some 250,000 tons of material have been returned to commercial use.

"Each month for the past three years," Pickett said in an interview, "6,000 men have dealt with 1,000,000, 6,000 men have dealt with 1,000,000, and shells, half a million grenades, and three-quarters of a million fuses, representing the breaking up of 20,000 tons monthly."

"My organization's primary object is in breaking up the ammunition used to extract the fuses from the shell."

"The shells were put in a crude machine," he said, describing breaking up operations, "dressed with sand-paper and railway sleepers, through which the end of the shell protruded, so the workmen could operate with special fuse tools. The fuse, having been extracted, the charge was then either washed or burnt out."

"Millions of rounds of ammunition and belts of charges for quick firing guns were dealt with by an appliance which ripped out the bullets and separated the brass case from the copper attachments, while a water sluice swept away the powder."

Pickett thinks that the allies and America produced much superior ammunition during the latter part of the war, but says that Germany's TNT was perfect and never equalled.

Alliance—Reed's band boys of this city, numbering 44, are planning a week of frolic to open Aug. 27. People from Alliance and surrounding cities will help swell the crowds.

Alliance—Mrs. Caroline Hineman has accepted a call to the Free Methodist church in this city, the pulpit having been filled for the past year by denominational supplies.

## GRANGERS FAILING TO ENTER EXHIBITS FOR COUNTY FAIR

Poor Response Is Worrying Officials Who Make Improvements.

Lisbon, Aug. 23.—Columbiana county's granges are falling down on the job with reference to exhibits at the coming county fair here. As a result H. E. Marsden, secretary of the fair association, is somewhat concerned, since the association is spending nearly \$20,000 this summer in expensiveness on the fair grounds, one of which is a new hall expressly intended to house grange and farm bureau exhibits.

Because of this tardiness, Marsden has announced that the final date for applications for space for grange exhibits has been advanced from Aug. 15 to Sept. 1. Even with this advance, however, he fears that not enough exhibits will be arranged, due to the fact that farmers over the county are still busy and have had no time to plan exhibits.

The cattle exhibits also are not

going as well as they should, due to the raisers' lack of time to prepare their cattle for the fair. Efforts are being made by C. E. Rowland, county farm bureau agent, to spur the raisers before Sept. 1.

From the farm bureau viewpoint, one of the most successful phases is

the work done by girls' and boys' canning and pig clubs, all of which have arranged for elaborate exhibits in the new building, which will be completed about Sept. 1.

Practically all of the improvement program under way at the fair grounds will be completed by Sept. 1, according to Mr. Marsden. The exhibit hall, which is to cost \$7,500, is already erected and within a few days will have its stalls in, while the concrete grandstand with wooden superstructure is nearly finished now.

## Child-birth

Here is a wonderful message to all expectant mothers!

When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined.

An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend."

Mrs. C. J. Hartman, Scranton, Pa., says:

"With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used Mother's Friend and had only a nurse. We had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes. I use 'Mother's Friend' as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradford Regulator Co., P. O. 46, Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. 'Mother's Friend' is sold by all drug stores—everywhere."

## PUSHMOBILE RACE AT INDIANAPOLIS

### Boy-power Speed Tests To Draw Youths Of The Entire Country.

Indianapolis, Ind., Aug. 23.—Watch the baby carriage and the tea wagon! Boys in many parts of the country are building pushmobiles to enter the national pushmobile races here Labor day. Anything that has wheels is in danger of being appropriated by the ardent young engineers to supply a chassis for their speed creations.

Entries from nearly every city in the Middle West where pushmobiles are known are expected in the national classic, according to William A. Jacoby, Jr., promoter. Six different cities already have nominated drivers and pushers for the event. Scores of the boy-power automobiles will face the starter Sept. 4, Jacoby predicted.

The races will be run on the circle surrounding the Soldiers and Sailors' Monument, in the heart of the downtown district. Mayor Lew Shank and Gov. Warren T. McCray have accepted invitations to be present. A parade and a pageant will be held in connection with the speed events. Motion pictures of the racers will be taken.

All pushmobiles in the championship race must be one-boy power, and that boy must not be more than 18 years old. The drivers of the cars must not be more than 12 years old. The distance of the race will be about 300 yards.

## To Conduct Autopsy On Tubercular Cow

Veterinarian E. E. Stoner of Salem will conduct an autopsy on a cow afflicted with tuberculosis at the farm of Frank R. Springer four and a half miles southeast of Kensington at 3 p. m. Friday. In case of rain the autopsy will be held the following day.

The purpose of the autopsy is to show to the farmers of the county the progress of the disease and the results

## Twenty-Five Years of Nervous Ills Quickly Banished By Nerv-Worth

Washington Man's Remarkable Recovery—All Credit to This Famous Home Remedy.

"For 25 years I was troubled with a nervous condition," said H. H. Riddle, 249 W. Spruce street, Washington, Pa., and he continues: "I lost weight and was troubled with gas after eating. I tried various remedies, but got no relief. Nerv-Worth was recommended to me by a friend. I used it and it cured me. I thought I'd give it a try. Sold and recommended by Benne-

tt's and Treats'. It helped me wonderfully, for my nervousness is all about gone, and I have no further trouble with my stomach or gas. I am gaining in weight and strength right along. I can recommend Nerv-Worth to any one and feel that it will help them. If your nervous condition is bad, your whole system will show the effects of it. Don't drag along in a life of misery, but let this famous home remedy, Nerv-Worth, help you back to the paths of good health. All good druggists everywhere have it in stock.

## "Make Salem A Home-Owning Town"

## To Settle An Estate

We offer the White property, located on East Fourth street opposite the Fourth street school building, having a frontage of 84 feet and a depth of 150 feet with an alley on the west side and an alley on the south side. This is improved with a substantial seven-room house, modern except heater; nicely papered and finished inside, newly painted outside. This is not only a good home but has wonderful speculative value due to its location, being only three short blocks from the center of town and near school. This is one of the few desirable building spots for an apartment house that there is in Salem. If interested in the combination of a good home as well as a good investment, come in and talk this over with us.

## ANNOUNCE WHEAT CONTEST RULES

County, State Champions To  
Be Chosen By 40  
Bushel Yields.

Announcement of rules for the new state wheat-growing contest has been made by extension specialists in farm crops at the Ohio State university. The contest fields will be 10 acres, the same size of fields entered in corn contests which the college has conducted for the past six years.

To be eligible for the Ohio "Forty-Bushel Wheat Club," a state honorary organization similar to the "Hundred Bushel Corn Club," the contestant must raise 400 bushels of wheat, or 40 bushels to the acre. This is three times the average wheat yield in America, 15 bushels to the acre.

The contest is open to any Ohio farmer over 19 years old. It is provided that the field must have regular sides, so that it can be easily and accurately measured by the judges. The contestant may grow any good milling variety of red winter wheat.

Like the 10-acre corn contest, competition will be on a county basis, and the farmer with the best yield in a county will win the championship medal for that county, provided his yield exceeds 25 bushels to the acre. If his yield is 40 or more bushels to the acre, he will in addition be given honorary membership on the rolls of the State Forty Bushel Club.

The farmer with the highest yield in the state will be named state champion, and presented a trophy cup at Farmers' Week, held every February at the Ohio State university.

Provision is made for the appointment of disinterested local judges, and rules are drawn to govern their measurements of yield.

## Earth Is Shivering, Sun Also Affected Asserts Professor

London, Aug. 23.—That the earth is not rotating as a rigid body, but that some parts of its surface are moving relatively to other parts is the startling suggestion put forward by Prof. W. de Sitter, of the University of Dreyden.

Technically, it follows that the dis-

tance between various points on the earth's surface is moving slightly. In support of de Sitter's contention it is maintained that wireless time-signals exchanged recently between various observatories have shown discrepancies on occasions reaching as much as several tenths of a second.
